October 2023

Dear Friends, Donors and Volunteers,

We hope you had a happy and relaxed summer! Temperatures should gradually drop as we welcome fall with all its wonderful features. First day of class for this new school year began August 28, 2023. Our morning and evening classes are full with lots of students learning English, preparing to become new citizens, studying for the GED exam, diving into technology, enjoying music, crafts, and sewing and design classes.

New Gardening Class, "Garden to Table"

Sr. Debbie & Students

We have a new extracurricular activity, Garden to Table class taught by Sr. Debbie Gumina. In this class students will learn how to plant and cultivate their own gardens and also how to set up a drip watering system at their very own home. The drip watering system is an excellent technique to save water and keep the gardens green and flourishing. Upon the harvest the students will learn new skills on how to prep and cook their vegetables.

SERVING OUR COMMUNITY
"NOT WORDS, BUT DEEDS"

8th Grade Students from St. Joseph School, Upland

We would like to thank the 8th grade students at St. Joseph School in Upland, CA for their donations collected during their pennies fundraiser. Funds were used to purchase all of our gardening supplies. Their kindness is greatly appreciated. The 8th grade students which were part of this fundraiser were given the opportunity to take a field trip over to our Center this past September 26th. The students got a tour of our Center and helped Sr. Debbie make signs for the garden.

Congratulations to Some of Our Newest US Citizens

Congratulations to our newest citizens! We would like to extend our congratulations to Maria Ochoa, Maria Santana, and Maria Pacheco who recently became United States citizens. They will now have the opportunity to cast their vote for the first time in our future elections.
